# Problem

2 in 5 people are affected by food allergies which makes it a critical situation, and one of the major problems people with food allergies face is difficulty in finding a restaurant menu that meets their allergy needs.

## Claim Lines with Peanut and Nut Anaphylactic Reaction Diagnoses Compared to Diagnoses of "Other," 2007-2016

## ABOUT US

Simply tell us what you're allergic to, and we'll take care of the rest.

Our cooks only use local, fresh, and organic products to prepare your meals.

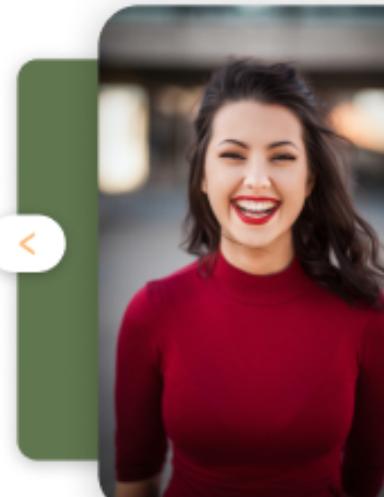

Browse our menu, place your order, and savor the taste of delicious, allergen-free cuisine.

ENJOY WORRY-FREE MEAL!

+5,000 SATISFIED CUSTOMER

## TESTIMONIALS

"As someone with celiac disease, finding a restaurant where I can eat without worrying is always a challenge. But Ambrosia has made it so easy - I can choose anything on the menu and know that it's completely gluten-free. Plus, the food is absolutely delicious!"

Ada Sanchez
